The last of the series of whist parties under the auspices of the high school was held Friday evening. The losing side captained by Charles Andrews furnished a treat of ice cream and cake.

The events for the boys in the second annual interclass track meet of the high school were held on the school grounds Friday afternoon. As a result the seniors led by thirty points. The events for the girls will be held this week and the winner decided.

The High School baseball team returned last Saturday from Andover a victor over the high school there by a score of 4 to 3. The game, although rather loosely played, was very interesting and exciting. L. Hathaway pitching for woodstock had the advantage of his opponent, Innan, and had the Andover batters under control at all times. He struck out eleven batters. The feature play was made by Farnum in right field who caught a long drive after a hard run. Next Saturday Andover comes here for the return game will be played on the N. I. S. field at 2 o'clock and will finish in time for the Grand Trunk and Dearborn Spool Company teams to meet at 4 o'clock.

The line up:

On Thursday afternoon a very exciting game was played in the Triangular League between the high school and Dearborn Spool Co. The score was 1 to 0 in favor of the D. S. Co. team lost their first game of the season when the Grand Trunk team defeated them in an extra inning game 6 to 5. The D. S. Co. now leads the league with a percentage of 500. The Grand Trunk team is second with 333 and the high school third with 250. Two more league games are to be played this week which will doubtless change the standing.

EAST STONEHAM

Mr. and Mrs. Raymond McAllister went to Norway, Tuesday.

Mrs. Frank McAllister spent the day, Tuesday, with her daughter, Mrs. Chas. Chaplin.

Mrs. Alice Prelove was at W. H. Brown's store Thursday, with her millinery display.

A number from this place went to No. Waterford, Tuesday evening, to see Ethel May Shorey's latest military play, "After the war, what then?"

Mrs. Ernest McAllister has been sick the past week with a bad cold.

Mrs. Raymond McAllister assisted Mrs. Fred L. McKen with her house cleaning Saturday and Monday.

Soldier's Letter
Letter received by Mrs. Raymond McAllister from her brother, Joe Flanders, who is in Brohl, Germany, dated April 16, 1919:

My dear Sister: A while ago I received two letters from you, which I do not think that I have answered, but I will try now to do so, although they aren't very much to write about. Your letters were written Feb. 2nd, and the 17th, in one envelope, and one other written Mar. 9th.

I was surely surprised to hear of Dade's marriage, he hasn't written to me since I came across.

You asked me if I ever saw Silas Keniston. No, I haven't seen him since I left Camp Devens. You say he is in the 4th Engineers. Well, the 4th Engineers are in Trier, Germany, and I have been through there twice. If I had known that he was in that outfit, I would have looked him up. I may go there again and if I do, I shall hunt him up. You asked me how long it took a letter to get here from you. It usually takes about twenty-five days, but I have got some that were only fifteen coming.

You and Raym have surely caught some pickered. If I should happen to be sent home this spring in time for a fishing trip, Blanche and I will be over, and I shall expect you and Raym to show me where to catch some good ones.

Our Colonel said last night, that we would leave for home in a few days and our company commander said the same thing this morning, so really it looks pretty good. We expect to be home by Memorial Day.

We are not allowed to carry much of anything home with us, so I am sending my souvenirs, that I got at the "Front" also a few things that I have picked up around France and Germany, home by mail and it sure costs a lot. You and Raym must come down and see them when I get home.

I have got a new horse now and he is a dandy; he is coal black, only five years old, and he can run like a fox and is a good jumper, too. I ride him every day about five or six miles. My other horse was a good one, but she had the mange so bad that I had to turn her in.

Before we start for home, I will drop you a card for we might be here all summer yet. You can never tell in the army. I hope we leave soon for I am anxious to get home.

Well, Ona, I guess this is enough for this time. Give my love to Raym, Aunt Lucy, Frank and all the rest. Your ever loving brother, Joe.

CHILD SAVED FROM WORMS

A mother of six children writes: "My baby was very sick and a friend of mine suggested trying Dr. True's Worm Elixir. Now I have six children and am never without Dr. True's Elixir, the Family Laxative and Worm Expeller, in my house." Mrs. B. N. Gile, West Newbury, Mass.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short, dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever. If your child shows any of these symptoms, start giving Dr. True's Elixir at once.

Pvt. Charles E. Gray, Buckfield is on the casualty as "slightly wounded."

Accidents will Happen

Do you know how much your motor-car is worth to you?

You know what it cost, and you can make a reasonably close estimate of its depreciation, but suppose your car is damaged, stolen, or destroyed, WHAT THEN? Will it be a partial or total loss?

Every day you read of cars being stolen from garages or while standing in the street. Grave danger of fire or explosion always exists where gasoline is used. Collisions are of every day occurrence, and cannot always be prevented, even by careful driving. YOU may be the next to suffer loss—you cannot tell.

Which is wiser—to take the risk yourself, or to shift the responsibility upon those whose business it is to assume such risks?

We will insure your car against Fire, Theft, Personal Liability, Property Damage, Collision or the hazards of transportation.

Note the Model Number, Make and Model Year of your car and mail to us to-day and we will tell you how you can estimate the exact value of your car at any time, whether it be standing safely in your Garage or lying by the roadside, a piece of tangled JUNK.

INSURANCE OF ALL KINDS.

MILEAGE

The motor runs far and true on a filling of So-CO-ny Gasoline. The force of every drop goes into mileage. No delayed starts nor tardy pick-ups, no clogged carburetors, no carbon-sapped power with So-CO-ny. It burns clean—vaporizes readily any season—requires just one carburetor adjustment.

Now or a month from now—here or hundreds of miles from here—it's the same.

Inferior, inert mixtures shorten engine life. Think twice before you buy them. Choose So-CO-ny. At the So-CO-ny Sign.
